This should definitely spur the 're-do' discussion.

Subject: 60 Day Notice of Intent to File Suit Under Section 20 of TSCA

Attached is a 60-day letter to the Acting Administrator on behalf of six public health and environmental groups and six recognized asbestos experts notifying EPA of their intent to file a citizens suit under section 20 of the Toxic Substances Control Act (TSCA). The focus of the letter is on the failure of the Trump EPA to address use and disposal of legacy asbestos in its January 4 final risk evaluation for asbestos under TSCA.

Please let me know whether you have any questions.

Thank you.
